Update Phase 1 Park Opening/Grand Opening April 29th

Neil gave a brief overview of Phase I construction and plans to open the park. He explained that the cool, rainy weather has delayed root growth on the turf, and some sports activities will be relocated elsewhere until the roots reach optimal depth.

Neil also reminded everyone about the Grand Opening for Phase I scheduled for April 29th.

Update on Phase 2 Construction/Construction Budget

Neil provided a brief update on the construction progress for Phase II, and reported on the construction budget. Neil and JCG have been working closely to identify additional value engineering options, should additional funds be needed for the contingency. More information will be available at the next meeting.

Meeting adjourned.
